Air Conditioning

Air Conditioning is available in every bedroom. Please remember to turn off the AC when leaving and ensure that all doors and windows are closed while it's running. Together, we can reduce our negative impact on the environment.

Safety Box

To keep your valuable items safe, we provide a safety box. Please note, that we can't be responsible for stolen or lost belongings in the villa.

Laundry Services

We provide laundry services through a third party. Please ask the staff for assistance. It usually takes up to 24 to 48 hours, and the price will be calculated per piece.

Courtesy Note

Please respect your neighbors. We ask that you keep the noise at a reasonable level, especially when listening to music, or when leaving the villa. Everyone in the district is asked to lower the volume after 10pm, as the local authorities do not accept events or parties after this time. Note for the Clubbers: there are plenty of clubs and bars in the main street steps away. Thank you for your cooperation and understanding.

Housekeeping

For daily rentals, cleaning services are provided on a daily basis unless you request more privacy. For monthly rentals, cleaning is scheduled twice a week. Towels will be changed every 2nd day, and linen will be replaced twice weekly. All the linen and towels shall remain on the property at all times.

Protect Bali

As a small island with limited natural resources, Bali is very fragile. We would like to protect Bali and keep it safe. To achieve this, we need your support and understanding to help protect the environment :

- AC and lights off : please consider turning off the AC and lights when you are not using the space. AC will cool down the room within 15 minutes.
- We provide a water dispenser with drinkable water in the kitchen for you to use, and to help reduce the use of plastic on the island.

Note: The villa is equipped with a special water filtration system to deliver the best quality of water possible. However, we do not recommend drinking water from the tap.

Breakfast, Lunch and Dinner

If you wish to enjoy breakfast in the villa, our staff can help you. As our staff buy the freshest ingredients from the market in the morning, please make sure you pre-order your meal(s) at least one day in advance.

Note: Extra charges apply.

Services

On request, we can arrange: car, motorbike rental, private chef, baby sitting, massage, spa, laundry and more. Please speak to our staff for details.

Restaurants & Places

Scan this QR code to explore our favourite places around and don't hesitate to ask us for further recommendations!

Transportation & Activities

You will find many taxis on the main street. We recommend using “Bluebird” taxi, “Grab” or “Gojek”. All mentioned companies have apps available on Apple & Android app store. Make sure to set the price or use the meter before the ride.

For daily tours, a private driver may be more convenient. Please ask us for details. Gojek also delivers food to your door, check out the App. For the more adventurous ones, we can help you with bike rentals as well.

Things to do

We are happy to provide you with information about nearby places of interests, and we will help arrange transport and make bookings if needed. Feel free to ask our staff about the local area as we all live nearby. We will be able to give you insights into some of the fascinating aspects of local living in Bali. In the meantime, here are a few suggestions:

1. It is possible to walk along the beach from Canggu all the way to Kuta in the south. You will find many small beach bars and beachfront hotels to enjoy your sunsets with a cocktail.
Note: Currents and waves can be strong and only a few areas have lifeguards.

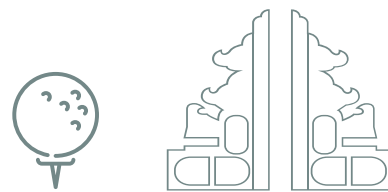

2. Covering 3.8 hectares of tropical parkland in Kuta, Waterbom Bali has 16 water slides (including The Climax with its 360 degree loop) to entertain the young and those who are young at heart. It's a great family day out, but go early to beat the crowds.

3. Make it a point to visit the sacred Pura Tanah Lot, one of Bali's biggest tourist magnets. Perched high on a craggy, wave-lashed rock, this ancient sea temple is best savored at sunset, but is less busy in the morning.

4. Explore the spiritual and cultural heart of Bali: Ubud. Then head to the stunning UNESCO protected Jatiluwih Rice field terrasses.

5. Head north to explore the volcanic lakes near the mountain town of Bedugul, including Lake Bratan with its photogenic and stunning Pura Ulun Danu – one of Bali's most important temples. Last but not least, the Uluwatu Temple nestled at the southern tip of Bali.

6. Fashionistas, you are already at the right spot in Seminyak! Here, you can indulge for hours in the heart of stylish, chic boutiques.

7. Play a round at the scenic Kuta Bali Golf Course, or head down towards Bukit Pandawa Golf Course in the south.

8. Drive westwards to explore the charming Tabanan Regency, revealing rice field terraces of emerald green. Hike the Batur volcano to see the most stunning volcanic panorama and sunrise.

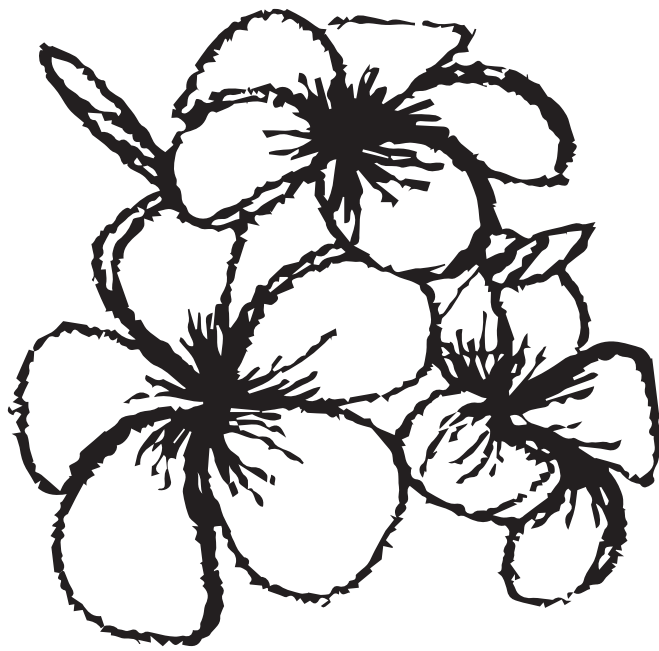

What if it's raining?

Here are a few indoor activities to inspire you:

- Watch a movie at the Kuta Beach Walk "Premiere Cinema"
- Take a Balinese Cooking Class
- Have a relaxing day at Sundari Spa or visit Bodyworks Spa
- Stroll through the local markets of Seminyak Square and find treasures that make for perfect souvenirs or gifts.
